

Do I Need a Roof Replacement or a Roof Repair?

Are you in the greater Seattle area?

How old is your roof?

Older
than 15 years

Newer
than 15 years

Most Asphalt Shingle Roofs last between 15 and 23 years. When your roof reaches this age, it is time to consider replacement.

PRO TIP: A roof inspector is a great non-biased service that will run diagnostics on your roof and tell you the best way to approach the project.

Do you notice any of the following?

Roof Leaks

Curling Shingles

Granule Loss

Pooling Water
